SkyVac® Mighty Atom – with Push Fit Poles

A SkyVac Bestseller, now with Cyclonic Side Entry Port! Compact, lightweight & powerful, a great all-round mains powered wet & dry vacuum for domestic and commercial use. Available in three height packages to reach gutters up to 34ft high.

4 Push Fit Poles 20ft / 6m Reach

6 Push Fit Poles 30ft / 9m Reach

7 Push Fit Poles 34ft / 10.5m Reach

SkyVac® Mighty Atom – with Clamped Poles

A SkyVac Bestseller, now with Cyclonic Side Entry Port! Compact, lightweight & powerful, a great all-round mains powered wet & dry vacuum for domestic and commercial use. Available in three height packages to reach gutters up to 34ft high.

4 Clamped Poles 20ft / 6m Reach

6 Clamped Poles 30ft / 9m Reach

7 Clamped Poles 34ft / 10.5m Reach

SkyVac® Commercial Plus

the 3 motor 3300-Watt system is ideal for everyday domestic and commercial gutter clearance with 100" water lift and 10,500 LPM airflow. The compact head features a steel filter protection plate that lines up with the cyclonic side entry port to minimise blockages and maximise the polypropylene drum space.

4 Elite Poles 20ft / 6m Reach

6 Elite Poles 30ft / 9m Reach

8 Elite Poles 40ft / 12m Reach

SkyVac Industrial 85

With 3 industrial strength vacuum motors the SkyVac 85 gives a suction power of 150 inches of water lift, and a package that offers our new Elite Clamped Poles.

4 Poles 20ft / 6m Reach: 110v

6 Poles 30ft / 9m Reach: 110v

8 Poles 40ft / 12m Reach: 110v

4 Poles 20ft / 6m Reach: 240v

6 Poles 30ft / 9m Reach: 240v

8 Poles 40ft / 12m Reach: 240v

SkyVac Interceptor

Sitting on a robust all terrain multi directional trolley, the SkyVac Interceptor features an on-board power plant making it completely independent of any electrical supply requirements. The Worldwide compliant Honda Engine, with its sleek design enables you to access areas on a project, which are usually inaccessible.

Additional Key Features:

- Tipping drum for easy emptying
- Robust all terrain trolley with locking wheel castors
- Side load vortex vacuum port entrance
- Sieve Drainage Basket with Drain Hose (Optional)
- Key Start (Optional)

SkyVac Systems – SkyVac External

SkyVac Atom Sonic

This 2800 watt (2 x 1400) gutter vacuum system boasts the right mix of suction muscle (110") and air speed (7166 LPM) to power through gutter cleans and blockages. An immense blow function gets rid of stubborn pine needles and leaves.

4 Elite Poles 20ft / 6m Reach

6 Elite Poles 30ft / 9m Reach

8 Elite Poles 40ft / 12m Reach

SkyVac Systems – Drum Upgrades

SkyVac® Industrial 85 Drum Upgrade Kit

NEW Drum with Drain Hose and removable sieve basket is the ideal upgrade for the [skyVac Industrial 85](#), dividing gutter debris as it enters the drum. The sieve basket catches the solid gutter debris, allowing the water to drain through into the base of the drum. Ideal for waterlogged projects!

- Industrial 85 drum with drain hose, compatible with existing [skyVac Industrial 85](#) models.
- Drum has reinforced cyclonic side entry
- Drain hose with clips, mounted on the front of the drum
- Slightly raised drainage point and internal filter
- Drain hose features an attached air tight cap
- Removable sieve basket can be easily lifted in and out of the drum using the side handles

Drum Upgrade Kit with Sieve and Drain Hose

Interceptor Sieve Basket

Interceptor Sieve Basket

SkyVac® Mighty Atom Cyclonic Drum Upgrade

Upgrade to the New Mighty Atom cyclonic drum with larger 50mm front entry port*- simply switch your vacuum head over to the new cyclonic drum - and you are good to go! And, we've put together some upgrade packages to help you get the most from your Cyclonic Vac.

~~NEW Larger 50mm side entry port vs standard 38mm front entry-
